

The Esh's **Commitment**

Your property deserves the best. We don't think folks in Kentucky and Tennessee should get stuck with generic prefab buildings, so we work hard to help each customer find or create the structure that's perfect for them. Whether it's a small cabin, a portable garage, or simply a storage shed, we believe each project deserves attention to detail and the best craftsmanship around.

Buildings for life.

Why a High Barn Garage?

Ready to upgrade your property and get your vehicle out of the weather? A one-car garage is the way to go!

Whether you're storing a light truck, a car, or just an ATV, a single-car garage is a durable and affordable way to do it. With a structural base of 4x6 skids, pressure-treated joists, and tongue-and-groove flooring, our one-car garages are specifically designed to handle the weight of a vehicle.

High Barn Garage Standard Features

To create one-car garages that will hold up to years of heavy use, we have a set of minimum standards that must be met by all garage sheds for sale at our lots. Our single-car garages come standard with:

- ✓ Pressure treated 2x6 floor joists on 4x6 skids
- ✓ 3/4" tongue-and-groove flooring with 50-year warranty
- ✓ Walls framed at 16" oc. with top & bottom wall plates
- ✓ Boxed-in corner studs to easily finish out the interior
- ✓ Trusses with steel gussets framed at 16" oc.
- ✓ Raised-panel roll up garage door with diamond plate threshold
- ✓ Felt paper beneath roofing material & drip edge on all edges
- ✓ Gambrel roof with two 4'-deep lofts for overhead storage
- ✓ 6-year workmanship warranty

High Barn Garage Custom Options

- ✚ Choose siding and roofing materials from hundreds of color combinations
- ✚ Upgrade your roof pitch, or add dormers and a cupola
- ✚ Change the door styles, or add a ramp or windows
- ✚ Add a workshop package with all the essentials
