

The Esh's **Commitment**

Your property deserves the best. We don't think folks in Kentucky and Tennessee should get stuck with generic prefab buildings, so we work hard to help each customer find or create the structure that's perfect for them. Whether it's a small cabin, a portable garage, or simply a storage shed, we believe each project deserves attention to detail and the best craftsmanship around.

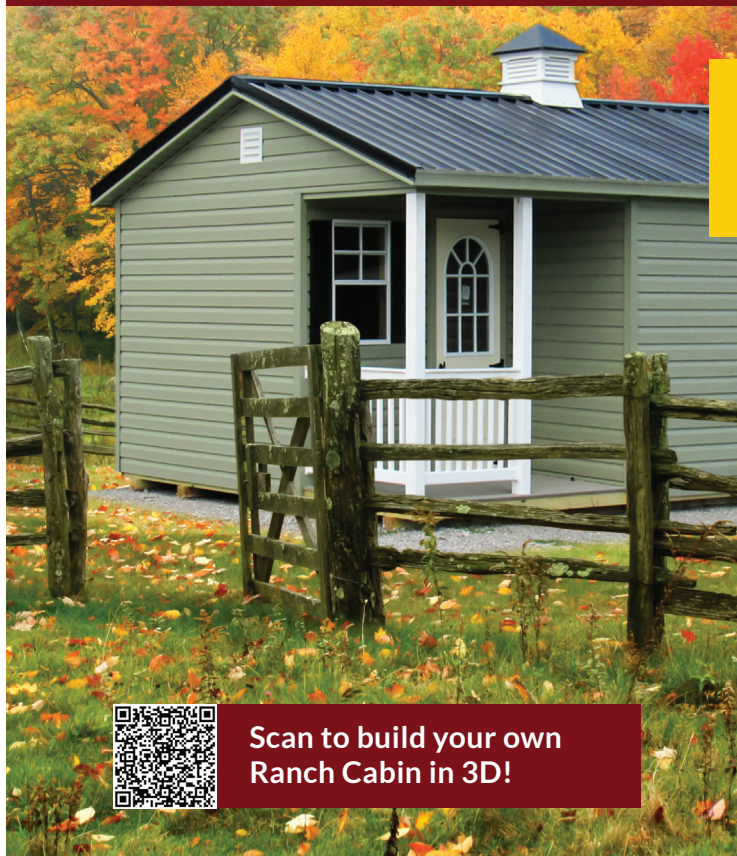

Buildings for life.

Why a Ranch Cabin?

The Ranch is one of our most popular small cabin styles. With roof overhangs finished out with the same material as the siding, it's designed to be a nice match to any other buildings on your property. We take particular care with the siding, roofing, and trim details, creating a prefab cabin that will enhance your property for decades.
